salimreza6835@gmail.com

Becoming a full-stack web developer allowed me to turn my hobby into a career, where I get to continuously learn and stay up-to-date with the latest web development trends.

## EXPERIENCE

### Duber, United kingdom — *MERN Stack Developer*

DEC 2020 - MAR 2023

Designed and developed a full stack website for Duber.uk, a platform for booking drone pilots for building inspections, property listings, and social events.

Built and maintained several small projects, including landing pages and microsites, to support marketing and promotional efforts.

Website: <https://duber.uk>

### Sportzbud, United States — *Backend Developer*

JUN 2020 -DEC 2020

Worked as a backend developer at Sportzbud, contributing to the development of APIs using Node.js and Express.js.

Collaborated with the team to implement features such as user authentication, messaging, and friend requests, while following best practices for code quality and maintainability.

### Afrimax, India — *Wordpress Developer*

APR 2019 - MAY 2020

Developed and maintained the Afrimax website hosted on digitalocean, a premier platform for storytellers and readers, using wordpress.

Collaborated with other developers to integrate third-party APIs, optimize performance, and boosted seo friendliness.

Website: <https://afrimax.com>
